CD Business Card (50MB) Art Specification

FILM Positive
RIGHT READING
EMULSION SIDE UP
100 LINE SCREEN

Note:
When printing just text
with no background, avoid the "mirror &
data" ring (47 - 36mm)

These dimensions are given as a guideline. Electronic Artwork for silkscreen design is to be provided in a general layout (ie, no need to crop image to cd dimensions, in case any changes occur.)

Best case scenario for provided artwork:

- * Create artwork in Adobe Illustrator (EPS or AI) with layers intact.
or Create artwork in Adobe Photoshop, with layers intact.
- * Either provide font files with the project, or convert all fonts to outlines.
- * For spot color (PMS) jobs, tag all objects and text as such, calling out each PMS color.
- * If you Place graphic objects into Illustrator files, Please include a copy of the graphic in a raw design format (do not Copy/Paste images into the layout)
- * Please, no color gradients lower than 25% (they will not show up on the 100pi silkscreen)
